This policy is hereby adopted by the Company to:

1.

1.

Comply with the statutory obligations set forth under the Data Privacy Act, in general, and the regulations of the National Privacy Commission, in particular.

2.

Ensure the fair and lawful processing of the personal data of data subjects, including employees, clients, customers, shareholders, and other individuals.

3.

Provide guidelines to team members on the proper handling of personal data.

4.

Ensure the confidentiality, integrity, and availability of personal data under the control of the

The Cotabato Light and Power Company ("CLPC" or "Company") Data Protection Officer

("DPO") is responsible for ensuring compliance to this policy.

4.1. DATA PRIVACY GOVERNANCE

4.1.1. Oversight

The Board of Directors of the Company shall have overall responsibility for compliance with the Data Privacy Act and implementation of this policy and other related policies of the Company.

4.1.2. Data Protection Officer

The Compliance Officer shall be designated as the DPO who shall report directly to the Chief Operating Officer (COO). The DPO shall report directly to the COO. In the event that the DPO has other job functions with reporting line to another senior officer, he/she shall have direct reporting line to the COO for his DPO functions.

The DPO shall have the following duties and responsibilities:

- 4.1.2.1. Ensure compliance with the Data Privacy Act and regulations, as well as this policy and other related policies of the Company;
- 4.1.2.2. Ensure the regular review (at least annually) of privacy related policies, guidelines, and procedures of the Company;
- 4.1.2.3. Coordinate with the relevant officer/s of the Company responsible for information security management for the effective implementation of information security measures in the

	Company to ensure the	confidentiality,	integrity, and	l availability o	of personal data
--	-----------------------	------------------	----------------	------------------	------------------

- 4.1.2.4. Organize privacy and information security training sessions;
- 4.1.2.5. Coordinate with the relevant team leaders of the Company responsible for information security management, including management of security incidents and personal data breaches, for the effective implementation of information security measures in the Company to ensure the confidentiality, integrity and availability of personal data.
- 4.1.2.6. Oversee and coordinate the conduct of privacy impact assessments to identify privacy risks in the Company;
- 4.1.2.7. Develop and implement remediation plans for privacy and information security risks in coordination with the information security officer and process owners;
- 4.1.2.8. Monitor compliance with the Company's privacy and information security standards of third party providers and other entities with access to personal data under the control of the Company; and
- 4.1.2.9. Ensure compliance by the Company with the reportorial, registration, and other regulatory requirements of the National Privacy Commission.

Should the position of the DPO become vacant, the former Compliance Officer, where he remains an organic employee of the Company, shall be the DPO in a holdover capacity until the appointment of a Compliance Officer, unless otherwise instructed by the COO.

The team leader of any department, which processes personal data, shall have the following duties and responsibilities:

- 4.1.3.1. Understand the Company's compliance obligations under the Data Privacy Act and related regulations;
- 4.1.3.2. Ensure implementation of policies and guidelines established for compliance with the Data Privacy Act and related regulations, as well as with this policy and other privacy and information security-related policies of the Company, by embedding such policies and guidelines in the day-to- day processes and procedures of the department;
- 4.1.3.3. Conduct privacy impact assessments, as may be needed;
- 4.1.3.4. Coordinate with the DPO and the information security officer in the development of controls and mitigation plans to address identified privacy risks;
- 4.1.3.5. Ensure the implementation of risk controls and mitigation plans in the department;
- 4.1.3.6. Promote a culture of privacy in the department;
- 4.1.3.7. Ensure that team members have the capability to comply with privacy and information security requirements as provided by law, regulations, or internal company policies and guidelines; and

1. 1. 1. 1.
Regularly attend or undergo privacy training and other learning activities.

4.2.1. Rights of a Data Subject
The rights of a data subject, as provided in the Data Privacy Act, should be observed when processing personal data.
4.2.1.1. Right to be informed. A data subject has the right to be informed on the following matters:
4.2.1.1. Whether his personal data shall be, is being or have been processed
4.2.1.1.2. The type of personal data to be entered into the data processing system;
4.2.1.1.3. The purpose/s for the processing;
4.2.1.1.4. The scope and method of processing;

4.2.1.1.5. The parties to whom the personal data may be disclosed;	
4.2.1.1.6. Methods utilized for automated access if allowed by the data su	ubject;
4.2.1.1.7. Contact details of the company or its representative;	
4.2.1.1.8. Period for which the personal data will be stored; and	
4.2.1.1.9. Existence of their rights as data subject.	
4.2.1.2. Right to object. A data subject has the right to object for processing whi him damage or distress as well as	ch may cause
processing for direct marketing, automated processing, or profiling.	
4.2.1.3. Right to access. A data subject has the right to reasonable access, upon the following:	on demand, to
4.2.1.3.1. Contents of his personal data which were processed;	
4.2.1.3.2. Sources from which personal information were obtained;	
4.2.1.3.3. Names and office addresses of recipients of the personal data;	

4.2.1.3.4. Manner by which the personal data were processed;
4.2.1.3.5. Reasons for disclosure of the personal data to recipients;
4.2.1.3.6. Information on automated processes where the personal data will or likely to be made as the sole basis for any
decision significantly affecting or that will affect the data subject;
4.2.1.3.7. Date when his personal data was last accessed or modified; and
4.2.1.3.8. Name, address and contact details of the company or its representative.
4.2.1.4. Right to rectification. The data subject has the right to dispute an inaccuracy or error in his personal data, and have the
Company correct it immediately and accordingly, unless the request is vexatious or unreasonable.
4.2.1.5. Right to erasure or blocking. A data subject has the right to suspend, withdraw, or order the blocking, removal, or destruction
of his personal data from the Company's filing system, upon discovery and substantial proof that the personal data is incomplete, outdated
, false, unlawfully obtained, used for unauthorized purpose, or no longer necessary for the

The	purposes for processing, including any intended future processing	or data sharing.
5.		
The	recipients or intended recipients of personal data.	
4.2.3.	Data Collection	
data is	1. The data subject must be informed, in clear and plain language, the s or will be collected and processed. For this purpose, a privacy state ing information shall be supplied to the data subject at the point of co tes, intranet, microsite, mobile apps, and customer and employee for	ment containing the llection (e.g.
4.2.3.	1.1. Description of personal data to be processed;	
400	1.2 Purpose/a of processing:	
4.2.3	.1.2. Purpose/s of processing;	

4.2.3.1.3. Scope and method of processing;
4.2.3.1.4. Parties to whom the personal data may be disclosed;
4.2.3.1.5. Contact details of the Company or its Data Privacy Officer;
4.2.3.1.6. Retention period; and
4.2.3.1.7. His rights as data subject.
Prior notification to data subject shall be made in case of amendment in privacy statement.
4.2.3.2. Except in instances allowed by law or regulation, the consent of the data subject to processing must be obtained prior to collection. In the case of the processing of sensitive or privileged information, all parties must have given their consent prior to processing.
4.2.4. Fair and Lawful Processing

Processing must be for purposes that are not contrary to law, morals, or public policy. Personal data must not be misused and processing must be in accordance with the declared and specified purposes. Appropriate measures shall be implemented to prevent misuse of personal data that can harm a data subject.
4.2.5. Data Quality
Data quality must be ensured when processing personal data.
4.2.5.1. Personal data must be accurate, relevant, and where necessary for purposes for which it is to be used, kept up-to-date.
4.0.5.0. Increase as incrementate data reset by according to a supplementated, depthesized, or its
4.2.5.2. Inaccurate or incomplete data must be corrected, supplemented, destroyed, or its further processing restricted.
4.2.6. Proportionality of Processing

Written by Cotabato Light and Power Company	
---------------------------------------------	--

4.2.9.	Security	Measures
--------	----------	----------

Taking into account its risk profile, the Company shall implement the appropriate organizational, physical and technical security

measures to ensure privacy and data protection.

- 4.2.9.1. Promote privacy and data protection awareness in the company through trainings and regular communication.
- 4.2.9.2. Establish proficiency skills development and training for employees handling personal data to ensure protection of personal

data. Trainings in data privacy and information security policies and procedures should be part of the on-boarding process for new

employees handling personal data.

4.2.9.3. Employees, service providers and other third parties who have access to personal data not intended for public disclosure shall

be required to hold personal data under strict confidentiality even after termination of employment or contractual relations. This

requirement shall be enforced through non-disclosure agreements to be signed by employees or confidentiality clauses in service
agreements in the case of service providers or other third parties.
4.2.9.4. Information security measures shall be adopted. In this regard, information security management policies are deemed
incorporated in this policy.
4.2.10. Outsourcing
The Company shall ensure the protection of personal data when outsourcing activities that involve processing of personal data. Among the
measures that can be undertaken to ensure data protection by contractors or service providers are the following:
4.2.10.1. Set appropriate privacy and security standards (organizational, physical and technical measures) to be complied by
contractors or service providers when processing personal data.

4.2.10.2. Take into account in the accreditation, hiring and performance evaluation processes the capability of contractors or service
providers to meet the privacy and security standards set by the company.
4.2.10.3. Embed privacy requirements, security standards, data breach management protocol and the right of the company to audit
compliance with the foregoing requirements in the agreements with contractors or service providers.
4.2.10.4. Conduct compliance audits where and when appropriate.
4.3 PERSONAL DATA BREACH MANAGEMENT
4.3.1. As part of its information security management system, the Company shall establish detective controls (which, depending on a
company's risk profile, may be a combination of process, human capital, physical and technological controls) to detect potential or actual

Written by Cotabato Light and Power Company
security incidents or data breaches as well as complaints, non- compliance or misconducts relating to privacy and data protection.
4.3.2. The Company shall establish and implement a security incident management policy, which shall include the following:
4.3.2.1. Creation of a data breach response team to ensure that timely and appropriate action is taken in the event of a security
incident or personal data breach.
4.3.2.2. Implementation of an incident response procedure including the execution of corrective actions and controls to:
4.3.2.2.1. Contain or mitigate the negative effect of a security incident, data breach, complaint non-compliance or
misconduct;

4.3.2.2.2. Restore integrity to the information and communications system; and

Written by Cotabato Light and Power Company
4.3.2.2.3. Improve prevention and detection of future incidents.
4.3.2.3. The conduct of internal investigation to understand the facts, circumstances, root causes and appropriate resolution.
4.3.2.4. The procedure for contacting law enforcement authorities in case possible criminal acts were committed.
4.3.2.5. Compliance with the notification and reporting requirements of the National Privacy Commission in the event of occurrence
of personal data breach or security incident.
4.4. REGISTRATION AND OTHER COMPLIANCE REQUIREMENTS

4.4.1. Registration of Data Processing System.

4.4.1.1. The Company is required to register its personal data processing system with the National Privacy Commission if it has at
least two hundred fifty (250) employees.
4.4.1.2 Even if it has less than two hundred fifty (250) employees, it may nevertheless be required to register its personal data
processing system with National Privacy Commission if it carries out processing that:
4.4.1.2.1. Involves the sensitive personal information of at least one thousand (1,000) individuals;

4.4.1.2.2. Is likely to pose a risk to the rights and freedom of data subject; or
4.4.1.2.3. Is not occasional.
4.4.2. Notification of Automated Processing System. The Company is required to notify the National Privacy Commission if:
4.4.2.1 It carries out automated data processing which becomes the company's sole basis for decision making about a data subject, and
4.4.2.2 The decision would significantly affect the data subject.

Written by Cotabato Light and Power Company
4.4.3. Annual Report. A general summary of the security incidents and data breaches hereof shall be submitted to the National Privacy
Commission annually in accordance with its rules.
4.5. DISCIPLINARY ACTION
Violations of this policy, the Data Privacy Act and its Implementing Rules and Regulations, including data breaches, will be dealt with in
accordance with an established disciplinary action and appropriate responses for potential legal actions, including civil and criminal actions.
