

COTABATO LIGHT CORPCOM TEAM STRENGTHENS COLLABORATION

Written by Ms. Arlene Valdez

COLLABORATION IN ACTION: The Cotabato Light Corpcom team during its Team Building activity held at Tigbawan Resort, Pigkawayan, North Cotabato.

Cotabato Light and Power Company Corporate Communication (CorpCom) team is composed of passionate and talented individuals coming from three different departments or organizational structures of the company. These team members and team leaders have its own respective duties and responsibilities but strategically selected to become part of CorpCom team. This

could mean additional workload for others but not for this team who enjoyed the challenges and pressures of communications. And, as the saying goes “overcoming barriers to performance is how groups become an effective team.”

Through the years, the team had reaped various awards and recognition from AEV CorpCom. Thus, keeping this team motivated and committed is important. As one way of appreciation, the Cotabato Light’s Corporate Communication team headed by Mr. Donjie G. Vertuoso had initiated its first team building held at Tigbawan Resort, Pigcawayan, North Cotabato last June 25, 2011.

It was a day of fun and enjoyment were each team member spend quality time together in an atmosphere that enables open communication, bonding and the creation of shared team experiences. Among the team activities were outdoor physical and mind games that help built strong camaraderie and unity among members.

The activity wrapped up with great smile and collaboration. It was worth the time and efforts as the team celebrated its productive year. Indeed, “Coming together is a beginning, keeping together is a progress and working together is a success.” //
