unemployment and economic advancement is through our educational system. Thus, we have now the K+12 program of Department of Education. But, unfortunately with this good program comes the “educational gap” – more classrooms and trainings for teachers are needed.

To help address the gap, the **AGAPP** (Aklat, Gabay, Aruga tungo sa Pag-angat at Pag-asa) Foundation and **Aboitiz Foundation Inc.** merge forces and resources to help the pre-school children by providing 1 storey- 2 classroom building nationwide.

Aboitiz Foundation Inc. pledged to donate 45 Silid Pangarap buildings to AGAPP Foundation in two years. For 2011, 26 buildings will be turned-over, one of which was done on September 30 in Cotabato City. **Cotabato Light**, an Aboitiz company, facilitated the construction and selected **Cotabato City Central Pilot School (CCCPS)** as the recipient school basing from their volume of students and number of enrollees.

“Wala ng hihigit pa sa tamis ng isang bagay na hindi hiningi, kusang ipinagkaloob at walang inaasahang kapalit mula sa pinagpalang mapagbigay” **Mr. Wahabi L. Guiani, CCCPS Principal** said.

“We would not forget, and forever, we would value every drop of the portion you have expended for our children’s behalf. We can guarantee you that we will take this as a precious gift because it is the product of your untainted intentions” he further added.

Mr. Danny Cerence, Manager & Project Development Officer of AFI came all the way from Cebu Head Office to grace the event. As he read Ms. **Pinky Aquino – Abellada’s** message,

Chairwoman of AGAPP, he quotes that “*ang Silid Pangarap ay nakatayo na ngayon na may mga silya’t mesa, school supplies at aklat para sa kinder hangga’t Grade 3. May teacher training pa po itong kasama! Salamat sa Aboitiz Foundation, Cotabato Light, LGU, DepEd at school faculties, sa tulong-tulong nating mahanapan ng solusyon ang problema sa edukasyon*”
